

**MICHAEL MANION WOOL INDUSTRY FOUNDATION**

**TO: BROADCAST TO WOOL INDUSTRY**  
**FROM: MMWIF**  
**DATE: 14 January 2020**

---

The terrible fires that have been raging on most parts of the eastern seaboard have had a devastating effect on all in the rural community as we are all aware. House and farm buildings destroyed, massive stock losses and most importantly lives lost and livelihoods ruined.

The committee of the Michael Manion Wool Industry Foundation (MMWIF) have decided to make a special effort with, at this stage 20/30 tonnes of sheep pellets for the Buchan area in Gippsland.

Nigel Rendell, Mal Nicholls (Elders) and Don Rash (Landmark) will be coordinating this shipment.

The Buchan shipment will be followed up by MMWIF holding a free BBQ and sausage sizzle in that town manned by MMWIF committee members.

We so ask, at this difficult time that if companies and people in the industry are looking at making a donation to help our friends in the rural community, please consider your industry charity, the Michael Manion Wool Industry Foundation - *the charity that looks after those in need in the bush.*

Naturally 100% of funds received go to just where it is intended.
